Land return does not need the consent of whites - the fact that black South Africans allow us to even discuss this issue is a sign of their humanity not ours.
As whites we have shown NO remorse for land theft - Perhaps we have no moral compass

White South Africans have no moral compass. We live as squires on land our forefathers stole while black South Africans are squatters on their own land
& #ANC licenses this injustice by not touching white prime land, which was stolen brutally, fracturing black life & soul

Nelson Mandela Was Trained by Mossad, Terrorist Groups

By Victor Thorn

On the heels of Nelson Mandela's past terrorist activities and rabid anti-white sentiments comes troubling evidence that in January 1962 Mandela secretly approached Mossad operatives at an Israeli embassy in Ethiopia for training.

This disclosure, among others, was recently uncovered in a top-secret document that had been preserved by officials at Israel's State Archives. Specifically, in an Oct. 11, 1962 letter sent from Mossad agents to their superiors at Jerusalem's Foreign Ministry, they referred to a man using the alias David Mobsari who "greeted [them] with 'Shalom.'"

Mobsari, it turned out, was Mandela.

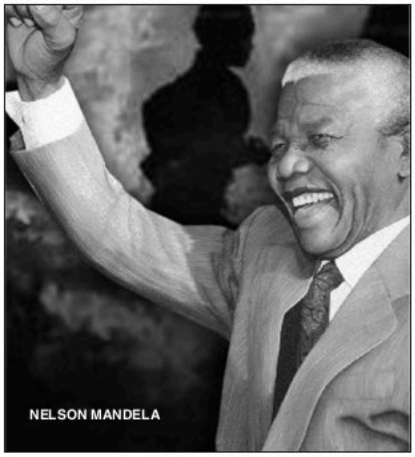
During their meeting, Mossad personnel characterized Mandela as someone who expressed socialist worldviews, leaned toward communism and showed an interest in the terrorist methods utilized by Haganah, a Zionist paramilitary organization that operated from the 1920s to the 1940s, terrorizing Palestinians and violently suppressing uprisings by Palestinians who opposed illegal Jewish settlements in their homeland. In return for their cooperation, Mandela's Israeli counterparts attempted to "make him into a Zionist," or at least show sympathy toward their cause in the Middle East.

This narrative obviously doesn't correlate with the media's carefully crafted image of Mandela as a modern-day Gandhi or Martin Luther King, especially when the Nobel Peace Prize honoree sought training in hand-to-hand combat, sabotage and weaponry at the hands of Mossad.

In a Dec. 23, 2013 article, Joel B. Pollak, editor-at-large for the conservative "Breitbart News" website, offered this damning assessment: "Mandela himself acknowledged that his military force, Spear of the Nation, had been partly inspired by Menachem Begin's paramilitary force, the Irgun."

Longtime researchers are well aware of Begin's murderous assault on over 100 men, women and children at Deir Yassin on April 9, 1948, not to mention his involvement in the bombing of the King David Hotel in 1946.

Mandela seems to have learned his lessons well. Agence France-Presse reported on Dec. 23, 2013: "[He] received military training from Algerian freedom fighters in Morocco and from the Ethiopian Riot Battalion at Kolfe outside Addis Ababa before returning to South Africa in July 1962."



NELSON MANDELA

This information shouldn't come as any surprise to AFP readers, especially in light of AFP reporter Pete Papaherakles's recent series of articles. As a leading voice among American journalists who are attempting to dispel the myth-making of Mandela, on Dec. 24, 2013 Papaherakles expressed his views to this writer on Mandela's ties to the Mossad.

"The farm where Mandela was arrested in 1962 was owned by a Jewish man," said Papaherakles. "Plus, half of the 19 people arrested with Mandela were Jewish. They were pretending to do farm-related work, but that was merely a cover while Mandela and his cohorts were actually making bombs. The prosecutor at Mandela's trial said they had enough ammunition to blow up a city the size of Johannesburg." ★

You can cry bot all you want @YoteOfStreet I don't hang with a communist jew, I got more coming for your entire circle so bare with me.

@MazeLove14 you should care who you associate with because if you even have a ink of consciousness you'd disassociate yourself from @DDGSarah you've been warned, don't let her be the reason you get implicated down the road if you are willing to compromise your image is no more.

@Meowllian scroll, take a look.
